

## Modern Hemi MADNESS

The cost to race is \$75.

This year we are doing Race OR Show. You will have to decide if you want to Race or Show. When you come in the gate, tell them you want to be in the **Hemi shootout** and they will differentiate you from just general racing population. You cannot run in the General Racing Group

You will then race to get your qualifying times.

RAD Torque Raceway staff will stage the cars.

Once you have your time, **we will use the Sportsman's ladder** to continue with the racing.

Example Number 1 race number 16, number 2 number 15, etc. If there are 32 cars.

Add-ons are okay that means turbos, nitrous, etc . **NO faster then 9.00 sec.**

Cars **must have doors** no non-door cars can race.

It will be a “run what you brung” raced based on ET = elapsed time.

**It's meant to be a fun race.**

Award - One trophy for the winner and a jacket. There will be no cash towards the winner.
